OUR PROJECTS

“

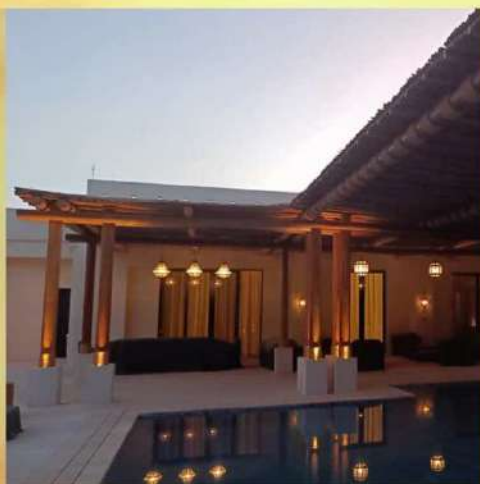

WE SPECIALIZE IN THE DESIGN AND CONSTRUCTION OF HERITAGE-STYLE WOODEN STRUCTURES WITH EXQUISITE THATCH ROOFING. WITH A DEREK APPRECIATION FOR TRADITIONAL CRAFTSMANSHIP AND AN UNWAVERING COMMITMENT TO QUALITY, WE BRING THE CHARM AND ELEGANCE OF BYGONE ERAS TO LIFE

”

AESTHETIC

AL WATBA LUXURY RESORT ----

**NESTLED IN NATURE'S EMBRACE , WHERE
TRANQUILITY FINDS ITS SHADE**

The wooden shades and sitting area exude a captivating rustic charm, seamlessly blending with the natural surroundings. Crafted entirely from wood, these structures showcase the timeless beauty and warmth of this organic material

The wooden shades stand tall, their sturdy frames supporting a roof made of intricately arranged wooden slats. The slats are skillfully designed to allow filtered sunlight to pass through, creating a gentle interplay of light and shadow. The wood used in construction displays its natural grains and textures, adding a touch of character to each shade

PAVILLION

.....

The structure's wooden framework creates a sense of openness while providing ample protection from the elements. The sturdy beams and columns support a roof, which can be intricately designed with wooden shingles, slats or panels, showcasing the versatility of wood in construction.

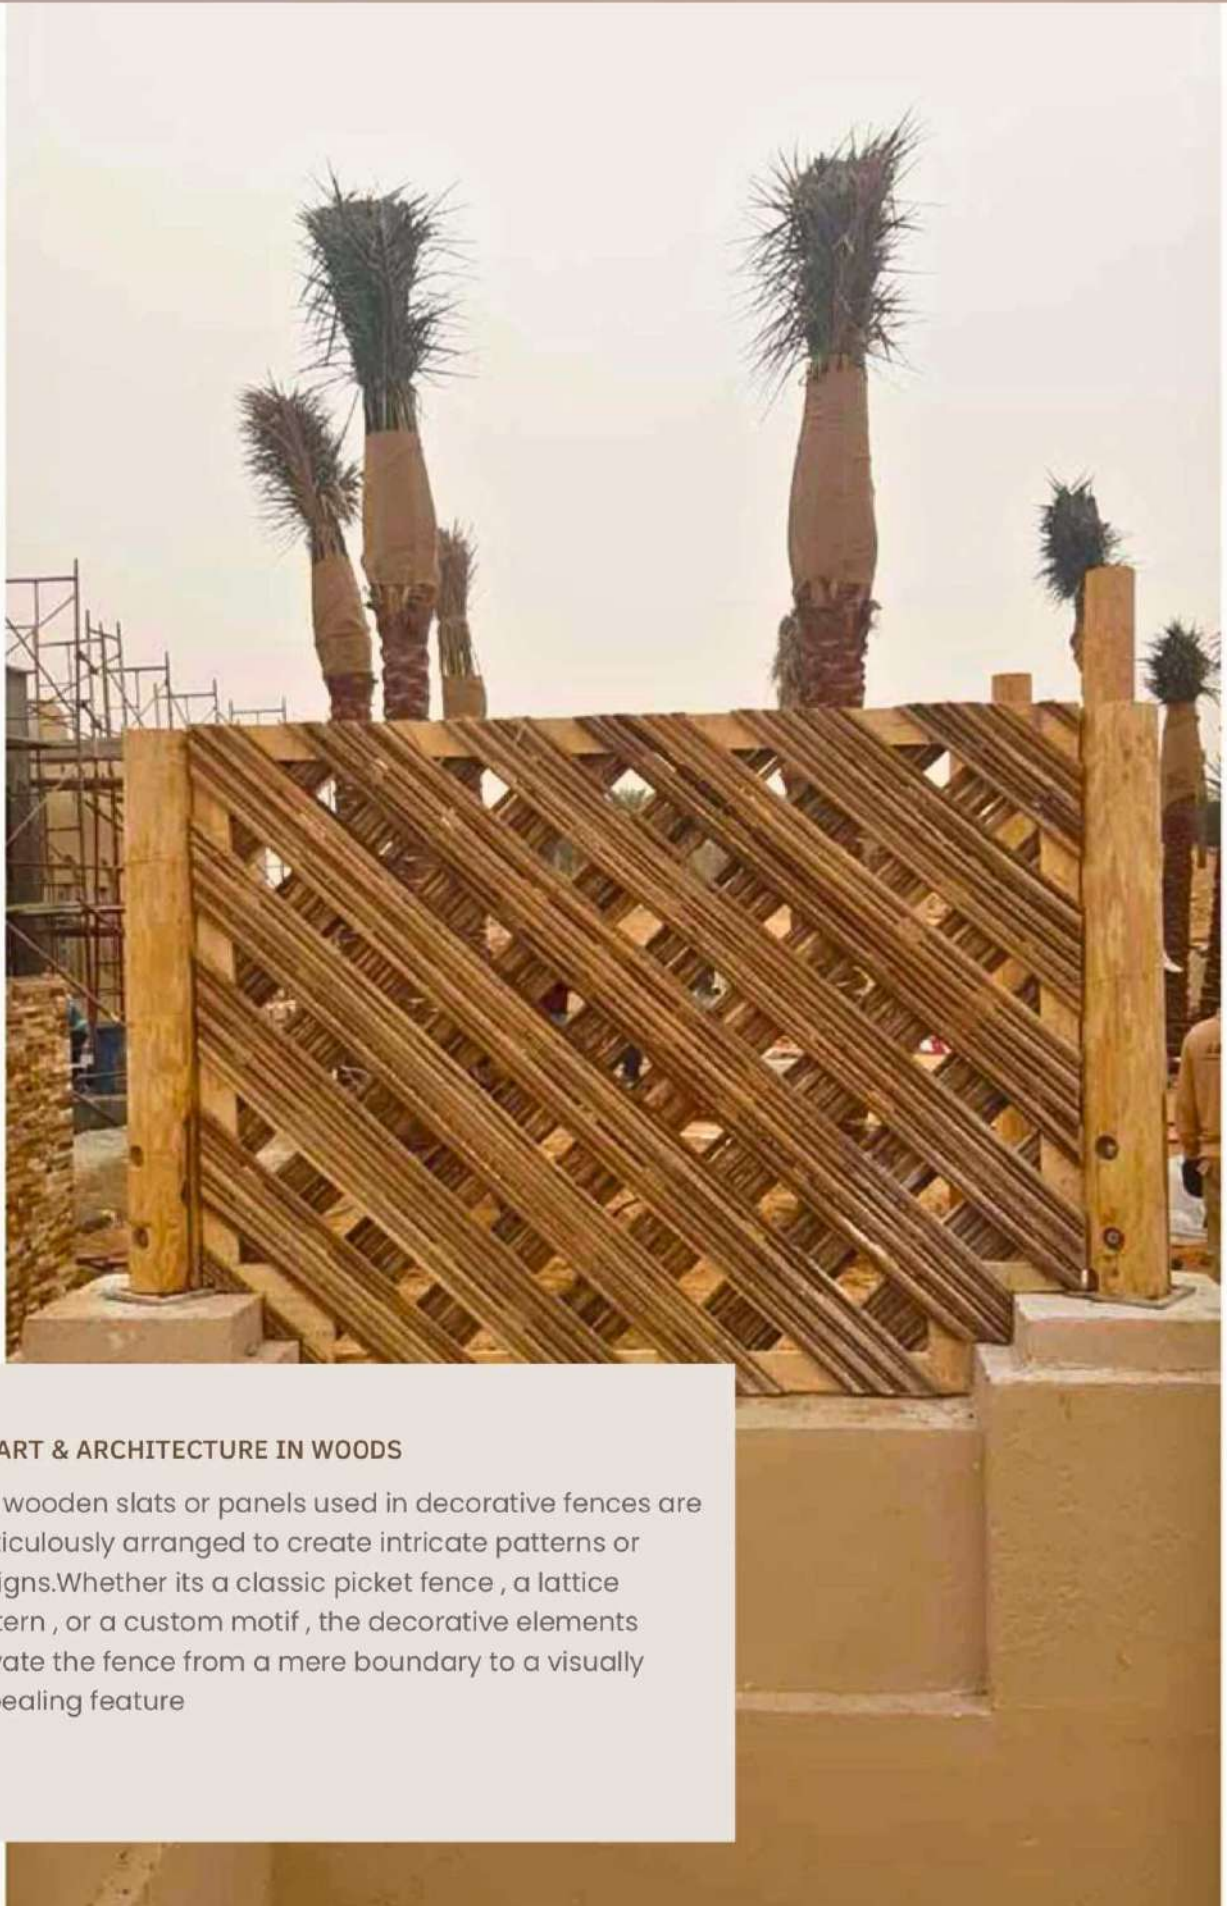

AL SAHEL PROJECT SUR BANI YAS

DECORATIVE FENCE

ART & ARCHITECTURE IN WOODS

The wooden slats or panels used in decorative fences are meticulously arranged to create intricate patterns or designs. Whether it's a classic picket fence, a lattice pattern, or a custom motif, the decorative elements elevate the fence from a mere boundary to a visually appealing feature.

PERGOLAS

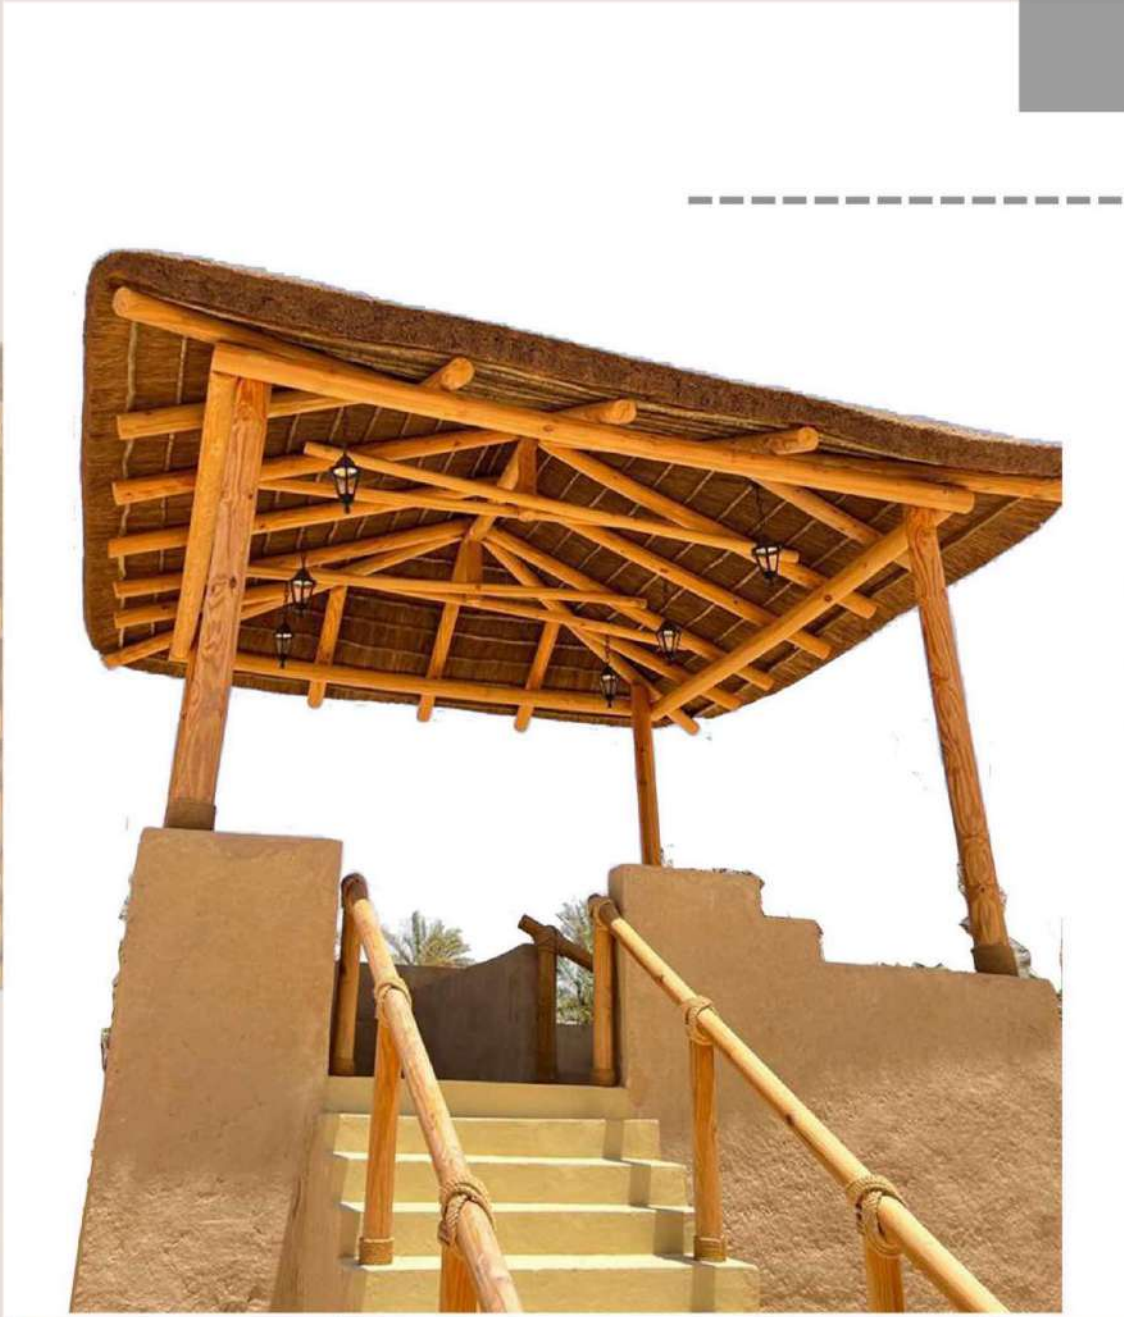

The wooden pergola stands as a graceful oasis , providing a harmonious balance between shade and open air.

ROOF PANEL

The wooden roof panel seamlessly integrates into any architectural styles , adding an element of rustic charm and sophistication

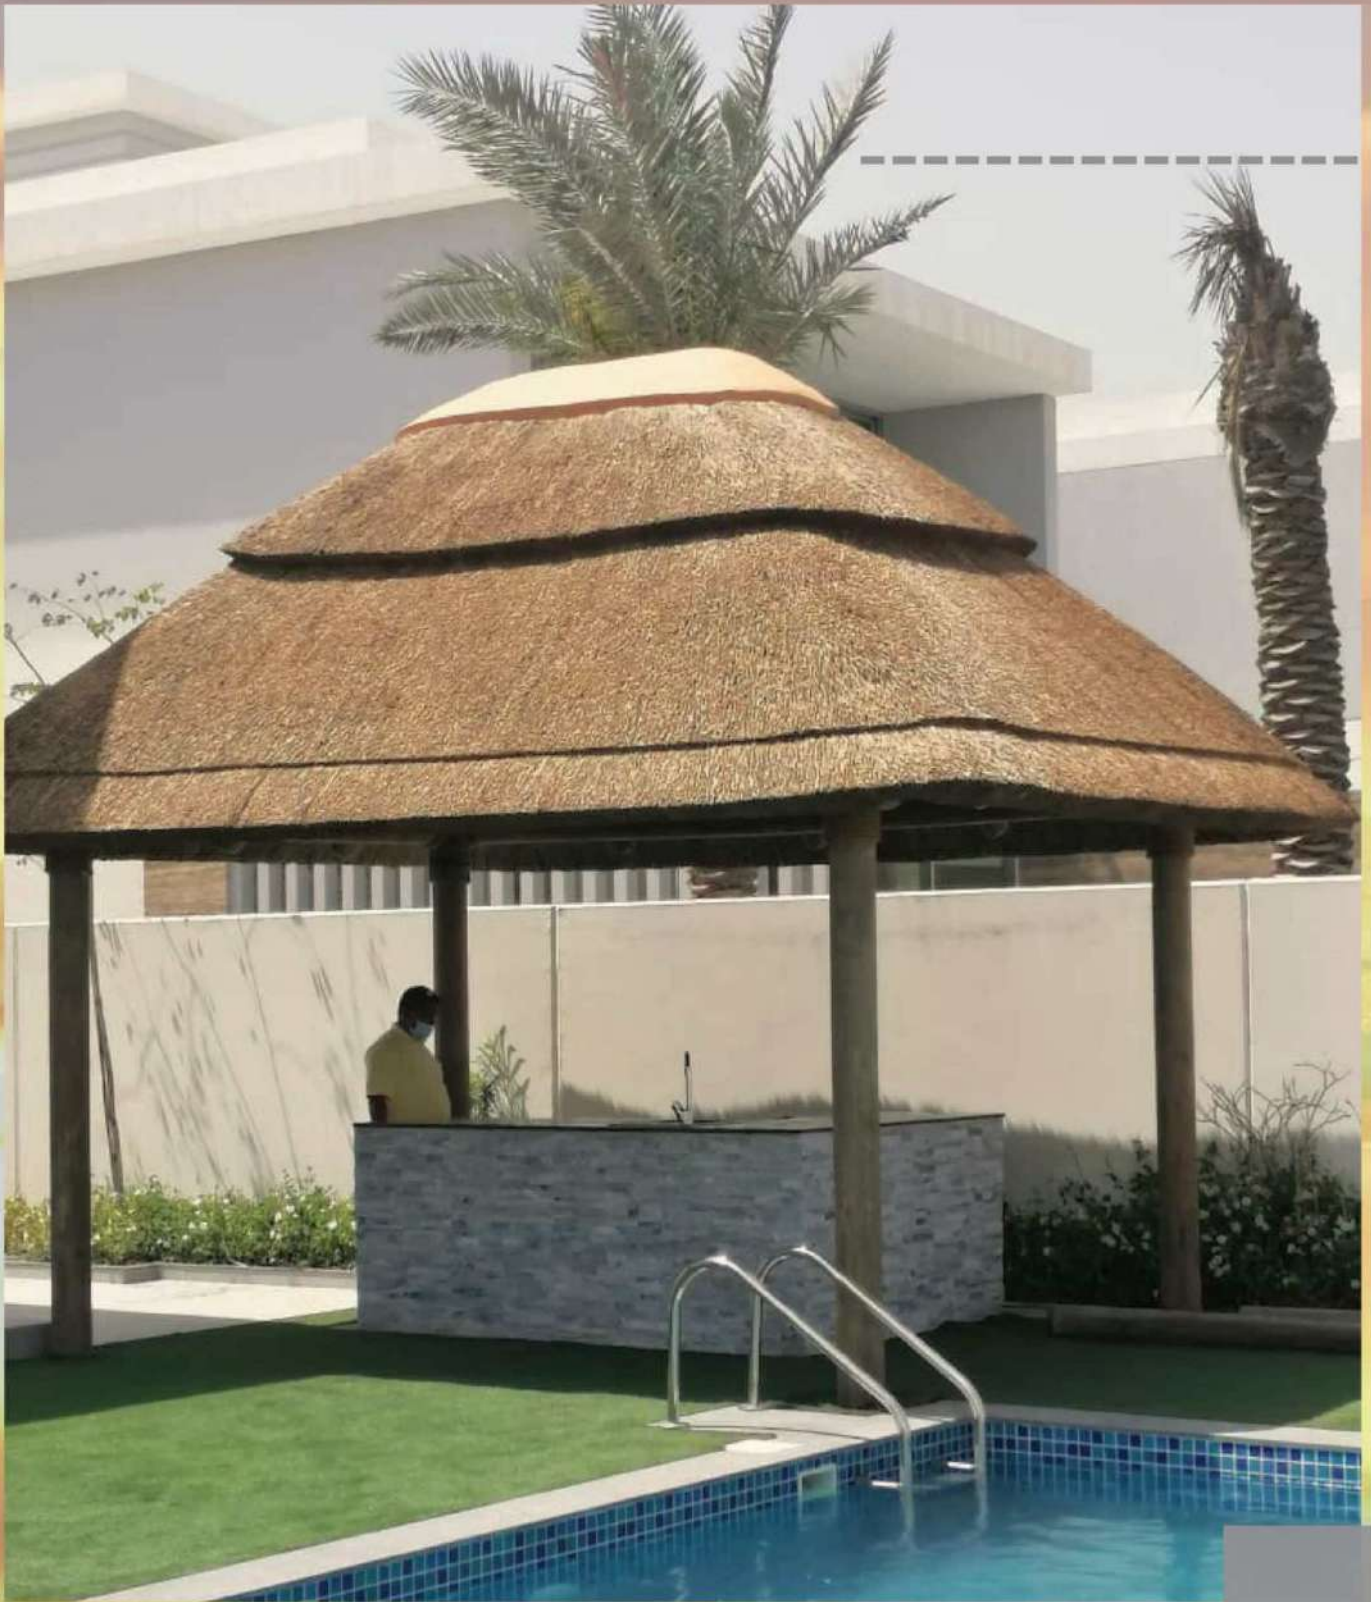

THATCH WORKS

PROJECT AL FARM - QASR AL SARAB

The primary objective of the Alfarm project was to design and construct a small structure with a thatch roof using wooden materials. The structure was intended to blend harmoniously with the natural surroundings of Qasr Al Sarab and provide a functional space for various activities including relaxation and entertainment.

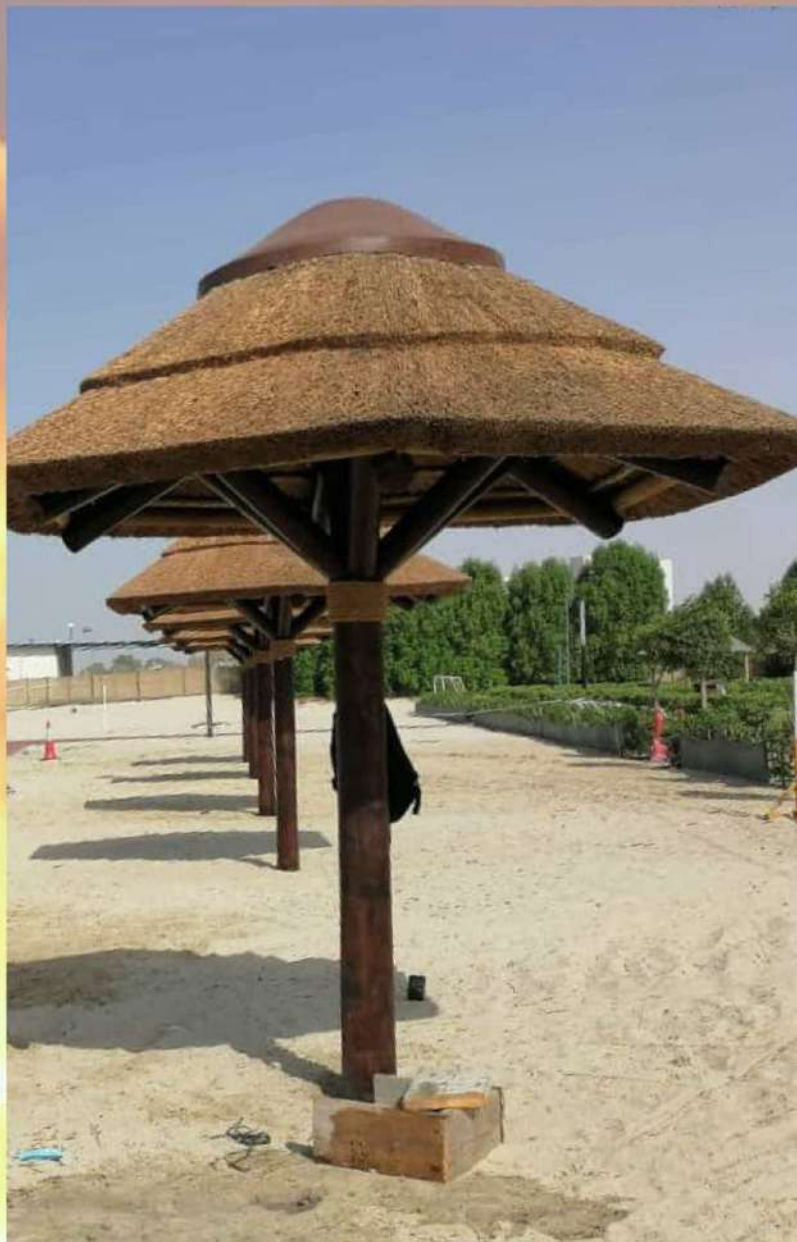

THATCH WORKS

Thatch roofing aesthetic also lies in its ability to harmonize with different architectural styles. whether adorning a traditional cottage, cozy cabin, or a contemporary Eco-friendly home, the thatched roof lends a touch of authenticity and timelessness to the design

CANOPIES

THATCHED

THATCHED CANOPIES

Thatched roof canopies on a beach side evoke a charming and rustic atmosphere blending harmoniously with the natural beauty of the coastal surroundings. These canopies feature roofs made from dried vegetation
